The Star SM-S220i is a revolutionary portable Bluetooth printer that is compatible with all operating systems (Windows®, Android™, iOS) including devices such as the Apple iPad®, iPhone® and iPod touch®. Compatibility with iOS is a result of Apple Inc.’s MFi certification of the SM-S220i portable printer.

In addition to its easy “Drop-In & Print” paper loading and print speed up to 80mm/second, the SM-S220i features an LCD display and convenient automatic sleep mode for extended battery life.

In addition to its ability to pair with iOS, Android and Windows, the SM-S220i can print receipts or data from a web browser-based application running on a mobile device wirelessly by configuring Star’s WebPRNT Browser App. Once configured, simply pair your mobile device to the SM-S220i, and print from WebPRNT Browser.
